Education

Woodbridge High School – *Sophomore*

- I am a sophomore in high school. I started 2022 and I expect to graduate in 2026.
-

Experience

Coding Camp – *Camp Organizer & Planner*

- Coding Camp was a weeklong camp for children ages five to ten and lasting three hours each day.
- Successfully run by me and two of my sisters to teach kids coding and other computer skills.
- My job was to organize coding camp, market to other people, and plan each day's lessons and activities.

Babysitter

- Babysitting responsibilities include entertaining kids ages five and up, helping them get ready for bed, and getting them in bed on time.
-

Skills & Interests

Programming

- For over six months I and two of my friends have been developing an immersive 3D computer game. I lead and organize the team, monitor and schedule action items, and am primarily responsible for coding, developing models, and writing and recording dev logs that are published on YouTube.
- For years I have studied programming, and have developed many websites, tools, and utilities in multiple computer languages.

Surfing

- I enjoy surfing and pursuing lessons to further develop my skills.

Parkour

- I have practiced parkour for many years, and have worked hard to rank up at my gym.
-
